Golden Eagles in beautiful autumn colors

Our **Golden Eagle** winter tours are popular and now we offer a short Golden Eagle photography tour to our successful Eagle site near Oulu in autumn as well! A little different, this season provides possibilities for Eagle images that stand out from the crowd - the background trees and ground vegetation glow in beautiful autumn colors and the occasional morning frost makes everything seem even more fragile and beautiful. Eagles start to visit our feeding site in September.

Finnature's new Golden Eagle hide is really comfortable with a great heating system, standing height and good office chairs. This luxurious hide is only available for the Finnature's photography groups and brings your hide experience to the new level!

Our excellent Eagle hide provides fine opportunities for a variety of Eagle images - now with an autumn feel. During this tour we have three full days of Eagle photography at our comfortable and professional photography hide.

Highlights

Golden Eagles in flight, on ground and perched on trees. **Aurora Borealis**. Other possible species **Great-, Crested-, Willow and Blue Tits, Bullfinches, Eurasian Jays, Great Spotted and Grey-headed Woodpeckers, Sparrowhawk and Red Squirrels**.

ITINERARY

Day 1 Arrival to Oulu

Arrival to Oulu. Pick up from the airport in the afternoon. Drive to cozy Villa Finnature for dinner and accommodation. Throughout the tour, we will check for **Aurora Borealis** activity, and go out to photograph them if the conditions are right. This tour takes place near equinox. In northern countries it is well known that the Aurora Borealis are stronger around equinoxes because of the planet's position and angle in relation to the sun. So fingers crossed!

Day 2 - 4

After early breakfast at Villa Finnature, departure to our Eagle hide. We spend the whole day in our heated Eagle hide photographing **Golden Eagles**.

While waiting Golden Eagles to come opportunity to photograph **Great, Blue, Willow and Crested Tits, Eurasian Jays, Great Spotted Woodpeckers and Red Squirrels** from the feeder. We might see also **Sparrowhawk** visiting in front of the hides.

Departure from the hide takes place at dusk around 19.00. Drive back to Villa Finnature for dinner and accommodation. Good time to charge batteries and empty memory cards in the evening.

Day 5 Departure from Oulu

Time for departure. Taxi transfer to the Oulu airport. If your flight leaves in the afternoon opportunity to photograph garden birds e.g. **Great, Blue, Willow Tits, Great Spotted Woodpeckers, Eurasian Jays, Bullfinches and Red Squirrels** from Villa Finnature's comfortable heated hide.
